

PPC-Edge Innovate

Customer: Edge Innovate
 Location: Dungannon, Northern Ireland
 Coating supplier: Premier Protective Coatings
 Productline: SteelKote

Premier Protective Coatings (PPC) is based in the heart of the heavy equipment manufacturing region in Northern Ireland as is Edge Innovate. Edge Innovate design, manufacture and export equipment and machinery for the recycling, materials handling and quarry industries.

For the protection of their machines Edge Innovate turned to PPC. PPC customized the coating system exactly to their needs. PPC found the solution in fine-tuning the Steelkote 801 - 818HS paint system. The abrasion resistant SteelKote paint system provides extreme corrosion resistance under all atmospheric circumstances and to every corrosion class.

C3 C-3 | High 801-818HS
